(310) 895 -3750

@janeltdesigns

EDUCATION

B.S. Honors

Web Design & Interactive Media

The Art Institute of California-Hollywood

2004 - 2008

EXPERIENCE

Universal Music Group Distribution

Designer

April 2009 — January 2011

Designing graphics/web for UMG and Associated labels to promote their artists through social media networking and grass roots marketing. All of the projects that are made from scratch from design to development.

NOTABLE PROJECTS

QUEEN PROMOJAM

April 2010

<http://queen.promojam.com/absolutegreatest>

Photoshop, XHTML/CSS

I designed the layout and developed this HTML and CSS for Universal Music Group. This was used to promote to Queen's Absolute Greatest LP.

LETTERS TO GOD QUICKTIME

March 2010

<http://netreach.biz/LettersToGod/lettersv2.html>

Photoshop, XHTML/CSS, JQuery

I worked with Vivendi Entertainment and Possibility Pictures to create this project for the movie, Letters To God. I used hand-coded HTML, CSS, and used the jQuery framework.

KATT WILLIAMS PIMPADELIC

October 2009

<http://www.kattwilliamspimpadelic.com>

HTML/CSS, Flash

I worked with Vivendi and Code Black Entertainment to develop this microsite for Katt Williams. I used Flash for the Clips section. All other sections were coded from scratch.

UMG TWITTER

2010

http://www.twitter.com/Universal_Group

Photoshop

Snap TV Games

Web Production Artist

July 2008 — August 2008

I worked with the WebCardz Team.

I optimized graphics for web, created additional assets, and game screens for WebCardz.com

2Helix Design

Jr. Flash Developer/Web Production Artist

January 2008 — May 2008

<http://www.2helixdesign.com/>

I worked with Jeff Earhart and the 2Helix team to create projects in Flash and for the Web. I took Photoshop files and readied them to used on various sites, we were working on. Clients included The Doctors, Parcmerced, and Cielo Farms. The projects were developed in Flash using Actionscript 2.

Sony Pictures Entertainment

Web Publishing Intern

October 2006 — December 2006

www.sonypicturespost.com

I worked with Phyllis Boyd, Director of Creative Services at SPE to create this for the Sony Pictures Post Production Group. The structure of the site was built in HTML and CSS from scratch. Some of the graphics were optimized in Photoshop. The menu and the accordion tabs are built in Javascript.

Janel also runs her own business under JanelTDesigns.com and through it she has worked on the following:

PURPLE AGAVE

2010

www.purpleagave.com

Wordpress as CMS, HTML, CSS, jQuery, Cufon

I worked with Purple Agave, a fashion design company in Los Angeles, to bring this vision to life. This project was developed in HTML, CSS, jQuery, and Cufon. I developed this site for Wordpress using PHP, hand-coded HTML and CSS. Carrington JAM was used for the WordPress Custom Theme. The jQuery framework was used for the scroll bars and roll-overs throughout the site.

ZARATHUSTRA: 5TH DIMENSIONAL HEALING

2010

www.5thdimensionalhealing.com

Wordpress as CMS, HTML, CSS, jQuery, Cufon

This project was developed in HTML, CSS, and I used Wordpress for the CMS. All of the HTML and CSS were hand-coded. Carrington JAM was used for the Wordpress Custom Theme.

WILEY DESIGNS LLC

2008-ongoing

www.wileydesignsllc.com

Web Design, HTML, CSS, JQuery

This project was made from scratch, from information design, wire frames, graphics to development in HTML and CSS. The jQuery plug-in, Cycle, was used for the banner in the Home section. PHP was used to create the Contact form.

LEFTFIELD STUDIOS

2007

www.billmerryfield.com

Flash Design, AS2

I worked with my client, Bill Merryfield, with his vision on this project. I took over this project after it's original design. I did some tweaks and layout extras.

SKILLS

Software	Languages
Photoshop CS4, Illustrator CS4, InDesign CS4, Flash CS4, Dreamweaver CS4, FlashDevelop, NotePad++	<i>Excellent:</i> CSS, XHTML, Web Standards (4 years) <i>Intermediate:</i> Actionscript 2/3 Javascript (jQuery) (3 years) <i>Improving:</i> Flex (1 year) and PHP (2 years)
